

Plan to have fun in retirement

Find out how
myMoneyGuide®
can help.

 myMoneyGuide®
A guided planning experience

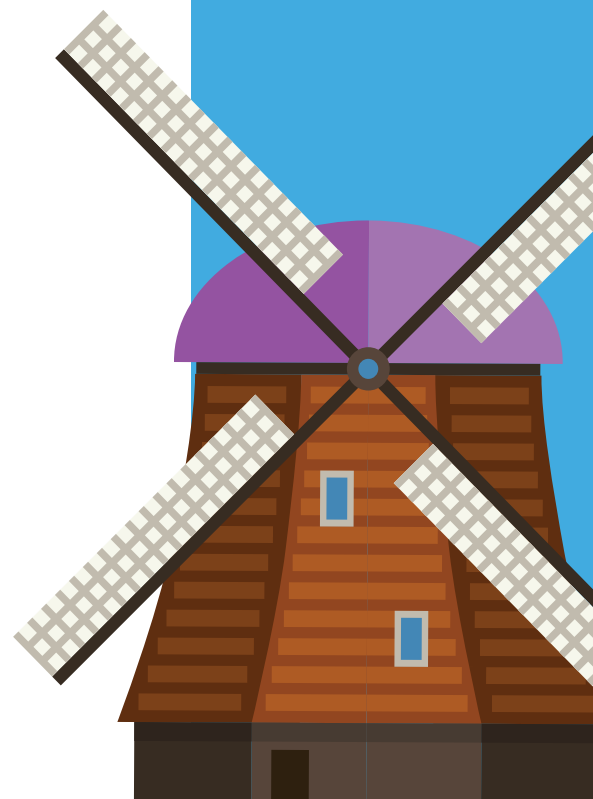

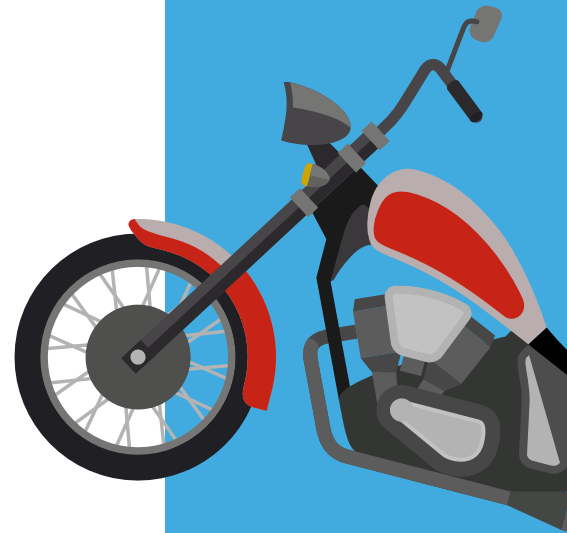

Create a plan to have fun in retirement

Most people have goals for a fun retirement, but many don't have a plan to achieve them. Whether you've been saving towards retirement or wish you could, it's time to define what retirement could look like for you.

myMoneyGuide® is a guided online planning experience that can help you create your own customized plan for retirement. A plan can help you make the most of your resources and prepare for the things that can financially hurt your retirement.

This is NOT a financial seminar. It's all about you. myMoneyGuide® Labs are educational, engaging, empowering and enjoyable. They're self-paced, and you can get help privately via chat or email should you want it. You won't be sold anything, and there is no cost or obligation.

Worried about sharing your financial information? Your information is safe. Your data is stored on secure servers that have been trusted with over 5 million financial plans.

Why invest the time in myMoneyGuide®?

We don't believe in one-size-fits-all solutions. You are unique and deserve a plan that is unique to you.

Planning for retirement is about more than just savings and investing. We help you:

Identify your goals—define your needs, wants and wishes in retirement; prioritize them and create a plan to make progress towards them.

Explore the possibilities of tradeoffs

to help you get the retirement you want, such as spending less, saving more, retiring later or changing how you invest.

Test your plan for the unexpected, including a sudden market drop, health expense or cut to Social Security benefits.

Plan for more fun and less stress.

Planning is about doing more with what you have so that you can achieve more of your goals and have fun in your retirement.

Trusted and proven. myMoneyGuide® comes from the creators of MoneyGuidePro®, the number one financial planning software trusted by professionals for over 15 years. The award-winning program walks you through a proven process using content developed by Certified Financial Planner™ professionals.
